SHORT BIO ”

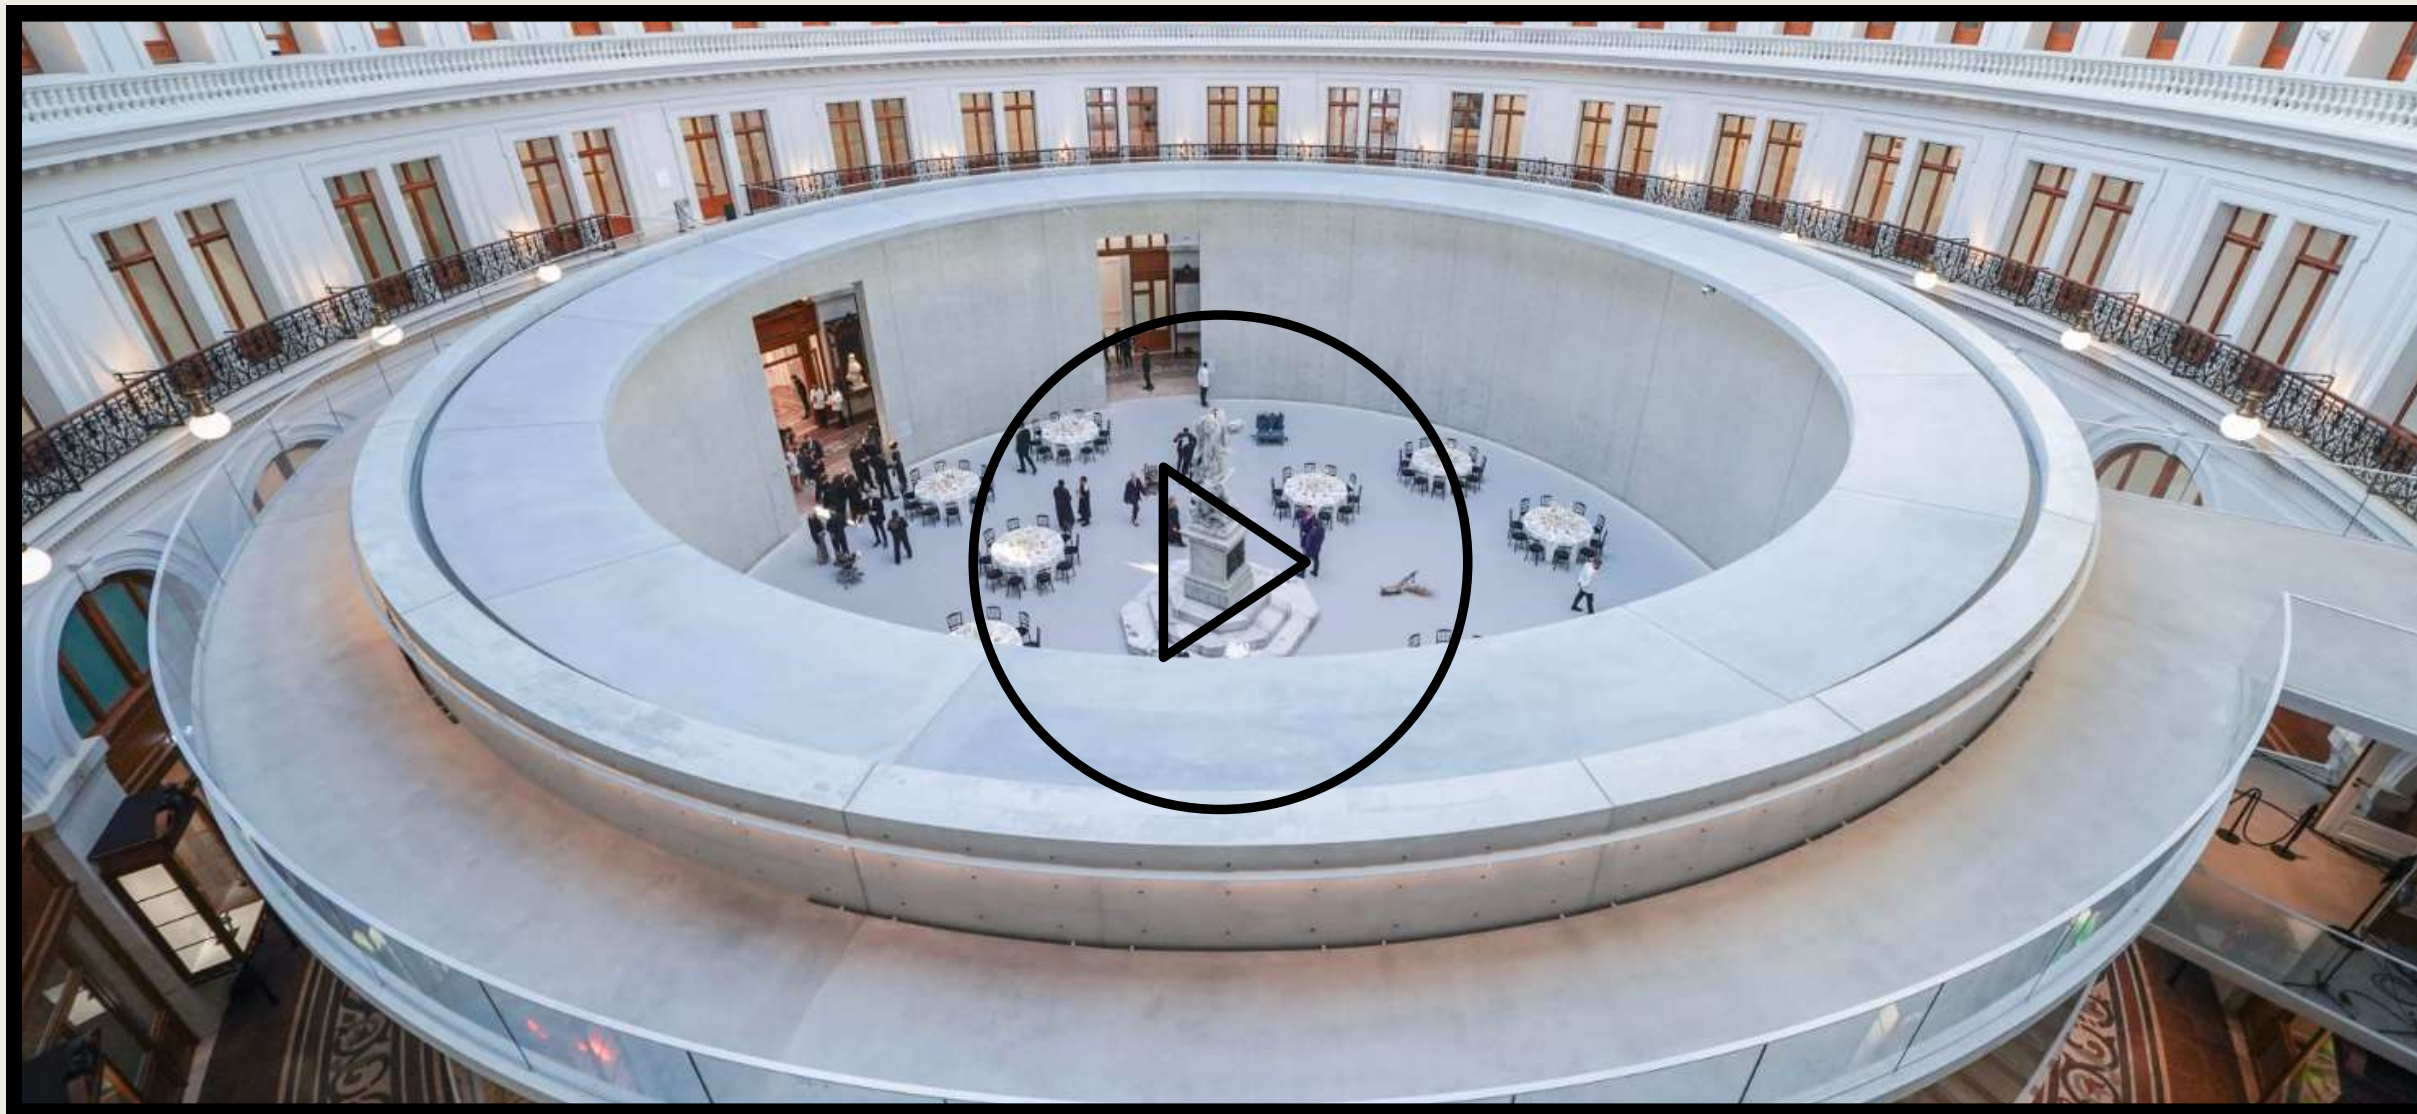

“I embrace my unique approach, my goal isn’t to just show up and play. I tailor each performance to match the energy and storyline of the occasion meaning ANY song can be played. With years of experience playing **weddings and high-end brand events**, I will elevate each moment with style and professionalism.”

“I’ve composed music for shows like **Bridgerton**, and sometimes I’ll even perform unreleased pieces, or something just for the couple. Whether it’s the ceremony, cocktail hour, or first dance, I’ll bring a modern touch that’s completely bespoke to you and always memorable.”
